“Pharmacotherapy for Autism: An Update”
Presented by:
Matthew Krause, DO
Department of Psychiatry and Behavioral Medicine
Brody School of Medicine
East Carolina University

Objectives:
1. Discuss the pharmacotherapeutic management of autism spectrum disorder in youth with a focus on common comorbidities
2. Differentiate between those medications with FDA approval and/or a strong evidence base versus more novel options
3. Analyze how this information could affect our practice for the betterment of our patients
4. Illustrate some of the challenges of treating a young patient with autism with a case example

Disclosure: In order to ensure balance, independence, objectivity and scientific rigor in all CME presentations, teaching faculty, planners and reviewers are required to disclose any financial or other relationship they have with commercial entities-pharmaceutical, equipment or other for-profit corporations-that could be construed by learners as posing a possible conflict of interest. Neither Dr. Krause nor the planners or reviewers have financial or other relationships with ANY commercial interest and none are aware of personal conflicts of interest related to this program.

Accreditation: The Brody School of Medicine at East Carolina University is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit: The Brody School of Medicine at East Carolina University designates this live activity for a maximum of 1 AMA PRA Category 1 Credit(s)™ Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMERICANS WITH DISABILITIES ACT (ADA): Individuals requesting accommodation under the American with Disabilities Act (ADA) should contact the Department for Disability Support Services at least 48 hours prior to this event at (252) 737-1016.
