Description

The Jacksonville male housing is a two-bedroom (four beds) apartment with a den area, fully functioning kitchen and two full baths. You may be required to share a room.

You need to stop by the office of the complex and receive a parking sticker for the time that you will be using the apartment. THIS IS MANDATORY!!!! If the office is closed leave a note and make every effort to come back when the office is open.

The site is furnished with cooking utensils, silverware, glassware, plates, pots, pans, coffee maker, and microwave. A TV and cable is provided. You will need to bring linens for a twin bed and towels. This includes a comforter and a pillow. You may bring other items such as an additional television, radio, alarm clock and iron. It may also benefit you to bring an answering machine. You are responsible for toilet tissue, paper towels, trash bags and general light bulbs. I try to keep you supplied with light bulbs when I am there on site visits but sometimes cannot keep up with supply and demand. ☺ Donna Dove cleans once a month.

The postal service delivers mail to the postal type bldg. in front of the complex.

Wireless Internet

Wireless broadband internet has been installed at this site. We ask that you please read and comply with the service provider's (Embarq or BellSouth) Acceptable Use Policy (AUP) and leave the copy provided for the next occupant. Several copies of an orange slip of paper stating Network Name (SSID) and Password (Key) have been left at the site.

Parking

There is one parking space assigned to each unit. The number 203 is on that space. However, there is plenty of visitor space just down towards the left of the building.
